

Andrew Eugene Larry, born April 10, 1956, passed away on July 18, 2020, from the effects of COVID-19. Andrew is survived by his wife Olivia, six children, Carol Larry, Andrew Larry II, Martina Biggers, Andrea Larry, Kinsey Larry, Gabriella Thompson and three grandchildren. Andrew will always be remembered as a Massachusetts Institute Technology graduate that went on to be a PRCA Bull Rider. Andrew lived his life with two focuses; Faith and Family. Everyone that met Andrew became part of his family and felt the love of a Father, Son or Brother. Andrew spent his time serving his Father in Heaven and the Savior Jesus Christ as a member of numerous Bishoprics, in various positions in the local wards and stake, and as a Stake High Councilor, in the Church of Jesus Christ of Latter-day Saints. One of Andrew's loves is helping people to learn of their ancestors through family history research, and helping this come to know of their own legacies. Andrew is, and will continue to be, missed; but he leaves behind a legacy of love for, and being loved by all who know him. Loving, and being loved by, Andrew is an honor that will always stay with everyone that knows him. Family funeral services will be held on Wednesday, July 29, 2020, and available for viewing via a ZOOM broadcast at 2:00pm. Details for the broadcast will be provided upon request
